

Letter to Pakistani/God at work

Greetings from the *NowYouKnow* team who are located in the USA.

It is an exciting day to see that God works in such a powerful way. Our team has realized that it is so easy to say, "Look what we did", when it is God who is working. For this reason, the team does not mention names...we do not want to get in the way of what God is doing!

Here is the timeline of how God recently worked:

- November 7: A team member was on Facebook (FB), looking to send out links to individuals regarding the *NowYouKnow* website, in order to share the gospel. A comment made on Facebook, that the team member strongly agreed with, piqued the team member's curiosity.
 - The team member felt led by God to look at the FB Profile Page of the person who made this comment. The profile page was locked. The team member sent the link anyway.
- November 8: Team member receives a response from this person he had sent the link to. The team member learns the recipient of the link was from Pakistan and is an Evangelist!
 - The Evangelist conveyed to the team member the needs of his people "Our people here need Bibles - we need the Word of God. It is the most crucial need. We are praying about that. When we meet, hardly anyone in the group has a Bible. That is most important right now."
 - The team member contacted a friend that might know how to fulfill that need. The friend immediately sent out two e-mails to people he knew in Pakistan.
- November 9: People in Pakistan respond to friend, indicating that they could help. The Evangelist's contact information was sent to the friend's people in Pakistan. The friend's Pakistani people reached out to the Evangelist that day.

NowYouKnow

- November 10: A member of the *NowYouKow* team communicated with the person in Pakistan and offered to help with funding, or other needs. The Pakistani said they would take care of it and was grateful for letting them help!

You prayed, the team obeyed Gods leading, and in three days... answered prayers... Bibles were on the way!

Praise God - He is working worldwide today in ways we never could of imagined!

PS. December 14: A local Pakistani sent a message they were sending 1,000s of Bibles.
