

Potential Projects

Therefore, go and make disciples of all nations, baptizing them in the name of the Father and of the Son and the Holy Spirit. Mathew 28:19

We have a minimum goal of 10 million participants and 50 million pages read worldwide.

I know this is a BHAG (Big Hairy Audacious Goal). The definition is: showing willingness to take a surprisingly bold risk. We can make this goal. Here are some ideas for projects.

We believe God word is powerful and His spirit is active. Let's get His message, His word and promises in front of as many people as possible. Even if only a small percentage become disciples, it would result in many coming to Jesus. This is a fresh idea and approach to spreading the message.

Look for ideas and projects that can be exciting and challenging.

- Pray for clarity, about what you should do.
- Pick a project and share it with the person who sent this website to you.

Study group

- Use this website as a study for you personally or with a small group
- Do an end time study along with the packet series. Good for youth groups.
- Good for family time and teaching end times. Make packets together and talk about where to put them. Good family planning time.

Social media group

- This can be fun. Find ways to get this website in front of as many people in the world as possible. Brainstorm in your group and try things, new ideas.
- Consider:
 - Media who would promote the site:
 - Christian Radio, Christian TV, Christian publications
 - Influencers who would promote the site:
 - Churches, author's, musicians, mission groups, Christian organizations

This effort should be accepted because *NowYouKnow* does not raise money, does not sell anything. They do not collect personal information. In fact there is no way to contact *NowYouKnow*. We only want to share what Jesus did for us. Therefore, there should not be resistance to the effort. This website is a tool that we hope people and groups will use.

Series 3 Packet Project

- Challenge your group to get as many packets distributed as possible.
 - This is great for teaching end times truths. Unbelievers will be challenged. It is a great opportunity to share the gospel.
- Depending on the company where you work, you could have a plan to distribute packets.
- Brainstorm where to leave the packets in various locations.

Daily Life Share

- Print some business cards you find on this site (PDF). Keep some with you as you go about your day. You will be surprised how often you can share.
- Ask the Lord to put in your mind who to share with. It is an ongoing effort.
- You can do this from a wheelchair, hospital bed, nursing home, at your home, office, you only need a phone or a computer.

Youth Groups

- This can be a new fresh project for youth groups. It has all the right pieces for success. Short easy reads, easy to understand, low cost, ideas easily transferable.
- We probably will not know the real impact until heaven but will celebrate together there for sure. Praise God.
