

SMALL GROUP STUDY

(IF ALL ARE BELIEVERS)

1. NOWYOUKNOW series is a great small group study with good questions and will help lead to a vision of thinking of others now and in the future.
2. Read sections as appropriate for the group, and make sure you leave time for group discussion. Everyone's answers are important as they are processing the message. Don't correct them all the time. As a leader, you will shut down future discussion.
 - a. Ask questions like:
 - i. Why do you believe that?
 - ii. How did you come to that conclusion?
 - b. Let them answer (very important). Let's see what the Bible says about that.
3. Start a group list of all people they would like to see come to Christ. Pray, adding to that list each time you are together.
4. Talk about how you could deliver the NOWYOUKNOW website to each one you are praying for. (See social media in project section.)
5. Pick a time for the rollout of this outreach project. It could be each week or a specific time.
 - a. Discuss options.
6. How could this be done everyday as we are going about our life.
 - a. Discuss and list options
 - b. Remember (Grace and Mercy wins over Judgement everytime)
