

Disciple Project 3

THE PORTALS-Part 3

Hell

Heaven

Print business cards to help peoples understand the Portals

Ideas for daily use: You can print the cards below and hand them out. Again, the best is to ask for God's mind and heart as you go about your day. Ask Him to prompt you about who to give the card to.

Example:

I was at a county fair. People were often talking politics which I did not take sides. I don't do this as the culture has changed. These days if you don't agree with them, you have no creditability in their eyes. Should it be that way? Of course not, but it is that way today. I don't want to be a barrier for anyone. I want them to see the value of understanding those portals above and what Jesus has done for them. I say, "Here is a website that answers some of those questions. Maybe we can talk about that sometime."

People opportunities include: those under stress, family issues, depression, or just an acquaintance. Again, ask God to prompt you throughout the day.

You can send the cards below to a professional printer if you want a large quantity, or print them on your printer. The best results will be to use a heavier stock glossy paper.
